Five Year Rule Review

The Section reviewed the 2014 Five Year Rules. There were no recommended changes.

Recap of BOC AT Regulatory Conference in Omaha

Jeff Rosa and Kimberly Peer presented at the BOC regulatory conference and provided a recap on the topics covered at the conference. The Executive Director will email the members of the Section a link to the conference presentations.

Recap of AT Section Presentation at OATA

The presentation was well received even though the conference attendance was low. The Section received a lot of dialogue during the breakout sessions. The Section noted topics that arose out of the breakout sessions, such as electronic communication in athletic training practice and increased concerns about educational reform and unlicensed issues. Participants expressed appreciation in the Board's efficiency in getting individuals licensed quicker. The Section was asked if the Board could send an acknowledgement that a continuing education audit was received. Due to the volume of response, it is not feasible to send a response to each licensee audited. The Section recommends that licensees save the fax confirmation and or email receipt.

Correspondence

1. **Sarah Carpenter, AT:** Ms. Carpenter asked the Section questions regarding athletic trainers dispensing medications. **Reply:** Although the Ohio Revised Code does not specifically address dispensing medications, the Code of Ethical Conduct (rule 4755-41-01 of the Ohio Administrative Code) and the rule governing unauthorized practice (OAC rule 4755-42-01) address the relative scope of practice for athletic trainers. Dispensing medication is closely controlled by the Ohio Board of Pharmacy and careful compliance with guidelines is important. The Section recommends that you review the NATA's *Consensus Statement: Managing Prescriptions and Non-Prescription Medication in the Athletic Training Facility (January 2009, <http://www.nata.org/sites/default/files/ManagingMedication.pdf>.)* The Section also wants you to be aware of rule 4755-42-03 of the Administrative Code, which went into effect on May 1 of this year. Under this rule, all licensees are required to use the initials "AT" to indicate licensure. If you are currently certified by the BOC and want to use your ATC, that must be in addition to the initials AT.

Ohio Athletic Trainers Association (OATA)

The Section reviewed Jeff Sczpanski's written OATA report which states that:

- Governor Kasich used a line item to veto to keep chiropractors from making return to play decisions regarding concussions independently from MD's and DO's.
- OATA does not have a stance on HB 180 pertaining to Cardiac Awareness for Student Athletes.
- OATA asked if the Section had comments on the introduction of HB 220.
