in a criminal trial in accordance with the Rules of Evidence, or in an administrative hearing conducted by an
agency, but the court or agency shall required that appropriate measures be taken to ensure that confidentiality is
maintained with respect to any part of the information that contains names or other identifying information about patients, complainants, or others whose confidentiality was protected by the board when the information was in the board’s possession. 4755-8-03 Procedures for accessing confidential personal information.

For personal information systems, whether manual or computer systems, that contain confidential personal information, the board shall do the following:

(A) Criteria for accessing confidential personal information.

Personal information systems of the board are managed on a “need-to-know” basis whereby the information owner determines the level of access required for an employee of the board to fulfill the employee’s job duties. The determination of access to confidential personal information shall be approved by the employee’s supervisor and the information owner prior to providing the employee with access to confidential personal information within a personal information system. The board shall establish procedures for determining a revision to an employee’s access to confidential personal information upon a change to that employee’s job duties including, but not limited to, transfer or termination. Whenever an employee’s job duties no longer require access to confidential personal information in a personal information system, the employee’s access to confidential personal information shall be removed.

(B) Individual’s request for a list of confidential personal information.

Upon the signed written request of any individual for a list of confidential personal information about the individual maintained by the board, the board shall do all of the following:

(2) Provide to the individual the list of confidential personal information that does not related to an investigation about the individual or is otherwise not excluded from the scope of Chapter 1347. of the Revised Code; and

(3) If all information relates to an investigation about that individual, inform the individual that the board has no confidential personal information about the individual that is responsive to the individual’s request.

(C) Notice of invalid access.

(1) Upon discover or notification that confidential personal information of a person has been accessed by an employee for an invalid reason, the board shall notify the person whose information was invalidly accessed as soon as practical and to the extent known at the time. However, the board shall delay notification for a period of time necessary to ensure that the notification would not delay or impede an investigation or jeopardize homeland or national security. Additionally, the board may delay the notification consistent with any measures necessary to determine the scope of the invalid access, including which individuals’ confidential personal information was invalidly accessed, and to restore the reasonable integrity of the system.

(a) “Investigation” as used in this paragraph means the investigation of the circumstances and involvement of an employee surrounding the invalid access of the confidential personal information.

(b) Once the board determines that notification would not delay or impede an investigation, the board shall disclose the access to confidential personal information made for an invalid reason to the person.

(2) Notification provided by the board shall inform the person of the type of confidential personal information accessed and the date(s) of the invalid access.

(3) Notification may be made by any method reasonably designed to accurately inform the person of the invalid access, including written, electronic, or telephone notice.

(D) Appointment of a data privacy point of contact.

The executive director of the board shall designate a [sic] employee of the board to serve as the data privacy point of contact. The data privacy point of contact shall work with the chief privacy officer within the office of information
technology to assist the board with both implementation of privacy protection for the confidential personal information that the board maintains and compliance with section n1347.15 of the Revised Code an [sic] the rules adopted pursuant to the authority provided by that chapter.
