**Licensure candidates without a residency**

Mr. Alan Kercher presented his situation to the Board. He would like to be licensed by the Board, but completed his education prior to the residency requirement being in place. Since then, he has practiced in other jurisdictions and is an experienced practitioner. He requested a waiver of the residency requirement. The council agreed that the Board does not have the authority in law to waive the residency requirement. The council decided to look into the issue creating waiver language.
